

Thumbs Up

Lightweight structure and comfortable fitting thumb spica. Innovative design with breathable holes. Protection glove and contact closure make this thumb spica an easy to use, well fitting solution for thumb care. Anatomically shaped, provides the right immobilisation to relieve pain during everyday activities.

Provides wrist and thumb support for an array of injuries, conditions, pre-and post-operations such as:

- + Arthritis
- + Sprains and strains
- + Soft tissue injuries and conditions
- + Instability
- + Post fracture management

Anatomically shaped thumb spica for effective immobilisation, while effectively restricting movement of the thumb for pain relief and healing.

The Thumbs Up can be easily adjusted with hook-and-loop straps, this will allow you to tighten the brace for a proper fit.

Breathable holes ensure that your hand won't overheat.
