

Neobrace Wrist Brace - Long / Short

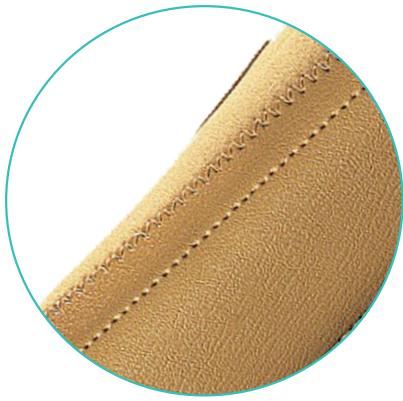

Made in Neoprene which retains heat to soothe painful joints, this brace conforms well and can be cut to fit swollen, arthritic joints without fraying.

The Standard Neobrace is 18cm length, while the Long Neobrace is 23cm length.

Provides wrist and thumb support for an array of injuries, conditions, pre-and post-operations such as:

- + Arthritis
- + Sprains and strains.
- + Soft tissue injuries and conditions.
- + Instability.
- + Post fracture management.

Made with insulating neoprene, the brace works to retain heat. This helps to soothe joint pain, reducing discomfort and making it easier for you to go about your day.

It's exceptionally versatile and can be used for a number of wrist conditions, especially common conditions such as arthritis, carpal tunnel syndrome or tendonitis.
