

Juraprene Short Wrist Wrap

A latex free neoprene with terry plush lining makes this a very comfortable universal support. Full finger and thumb flexion whilst giving good circumferential compression and support to the wrist.

Available in Beige, Black and Blue.

Provides wrist and thumb support for an array of injuries, conditions, pre-and post-operations such as:

- + Arthritis
- + Repetitive strain injury (RSI)

Compression & support for wrist whilst allowing full finger and thumb flexion

Made from latex-free neoprene with terry plush lining
