

# Air X

## One Piece Wrist

A one piece wrist brace utilising the excellent properties of Air X to provide a comfortable well fitting brace. The textile is very durable and, together with the reinforced bar casing, makes this brace an excellent choice for patients using braces longterm.

Provides wrist and thumb support for an array of injuries, conditions, pre-and post-operations such as:

- + Arthritis
- + Degenerative diseases/irritation
- + General weakness
- + Guyon's canal syndrome
- + Inflamed/swollen tendons
- + Luxation
- + Medial subluxation
- + Overuse injuries
- + Rhizarthrosis
- + Soft tissue injury
- + Sprained/strained wrist
- + Tendinopathy
- + TFCC injury
- + Ulnar tunnel syndrome
- + Weakened/torn TFCC ligaments
- + Weakness of the thumb joint
- + Worn cartilage
- + Wrist arthralgia
- + Wrist contusion
- + Wrist instability
- + Wrist trauma + more

Air X fabric has been constructed with the ability to transport moisture efficiently away from the body. The layering of fibre structures promotes a moisture wicking process that prevents sweat build-up, leaving the skin feeling fresh and dry.

Reinforced bar casing prevents any chafing and adds additional stabilisation, while remaining comfortable to wear for long periods of time.
