

Juraprene

Wrist Thumb Wrap - Long

A latex free neoprene with terry plush lining makes this a very comfortable support. Full finger flexion whilst giving good circumferential compression and support to the wrist and thumb.

This longer wrist wrap adds to the compression and firmness around the wrist and is easily fastened using hook and loop closures. Available in beige, blue and black.

Provides wrist and thumb support for an array of injuries, conditions, pre-and post-operations such as:

- + CMC instability
- + De Quervain's Syndrome
- + Gamekeepers thumb
- + Weakness of thumb joint
- + Sprained wrist
- + Soft tissue injuries

Lightly elasticated neoprene material provides great support, whilst also providing compression, reducing swelling and assisting with healing. The terry plush inner lining is exceptionally comfortable.

This wrist and thumb wrap leaves your fingers free to move through the full range of flexion, making it easy to go about your usual daily activities without compromising on wrist and thumb support.

Hook-and-loop fastenings make it easy to put on or take off, even one-handed. The extra length of this brace provides additional wrist stabilisation.
