

# Deltaform Plus Wrist Brace

A longer, 23cm woven elastic/cotton support, with an aluminium stay inside a vinyl pocket and a longitudinal seam for excellent conformity to the wrist and forearm. Extends to two thirds of the forearm for radial/ulnar stability. Also available in black.

Provides wrist and thumb support for an array of injuries, conditions, pre-and post-operations such as:

- + Arthritis
- + Sprains and strains
- + Soft tissue injuries and conditions
- + Instability
- + Post fracture management

Comfortable elastic/cotton material with a longitudinal seam for excellent conformity to the wrist and forearm. Combines comfort and support to ensure a speedy recovery from injury, or a reduction of long-term pain and discomfort.

Features a rigid aluminium stay for great support.

Available in black or beige.
