

Pro-rhuema Wrist Brace

Made from a breathable high compression material with microfleece lining. Easy slip-on design with D-ring closure straps. This brace is very comfortable and excellent for patients with limited dexterity, such as osteoarthritis and wrist instability. Supplied with medium stability plastic palmar support which can be heat moulded. Available in beige and black.

Provides wrist and thumb support for an array of injuries, conditions, pre-and post-operations such as:

- + Arthritis
- + Sprains and strains
- + Soft tissue injuries and conditions
- + Instability
- + Post fracture management

Lycrafleece™ designed to provide ultimate comfort. It keeps the patient warm when it's cold and cool when it's warm for optimum comfort without sacrificing performance.

The Pro-Rheuma Wrist Brace is supplied with a medium stability plastic palmar support which can be heat moulded.

Designed with an easy slip-on design with D-ring closure.
